APA (6th edition) Sample References List

**Citations should be double-spaced. Here they are not, due to space limitations.**

***When referring to any work that is NOT a journal, such as a book, article, or Web page, capitalize only the first letter of the first word of a title and subtitle, the first word after a colon or a dash in the title, and proper nouns***

**Capitalize ALL words in journal titles.**

**Book with 1 author**

Author, A. A. (Year of publication). *Title of work: Capital letter also for subtitle*. Publisher City: Publisher Name.

**Electronic book**

**Notes:** If the eBook is available only for purchase, use Available from URL rather than Retrieved from URL.

**Article from a database**

**Notes:**
- Provide the DOI of an article, if one has been assigned to the content. When a DOI is used, no further retrieval information is required. If no DOI has been assigned to the content, provide the home page URL of the journal publisher. In general, it is not necessary to include database information.
- If each issue of a journal begins on page 1, give the issue number in parentheses immediately after the volume number.

**Newspaper article from a database**

**Notes:** See notes above under “Article from a Database re: DOI and/or URL.”

**Website**

Author of the Website. (date). *Italicized Title of the page*. Retrieved from http://web address

**Notes:** Give your retrieval date only if the content of the source is likely to change.
